Re: The Maricopa County Attorney's Office Annual Activity Report on the Multidisciplinary Protocol for the Investigation of Child Abuse, Fiscal Year 2014 Report

Dear Ms. Ortiz:

The Maricopa County Attorney's Office hereby provides the *Maricopa County Attorney's Office Annual Activity Report on the Multidisciplinary Protocol for the Investigation of Child Abuse Fiscal Year 2014 Report* as required by Arizona Revised Statute § 8-817.

This version of the report, in addition to the Multidisciplinary Protocol, is also available at the Maricopa County Attorney's Office website, <http://www.maricopacountyattorney.org/>.

Sincerely,

A handwritten signature in blue ink that reads "Bill Montgomery".

Bill Montgomery  
Maricopa County Attorney

## The Maricopa County Attorney's Office Annual Activity Report on the

August 2014

### SUMMARY

Arizona Revised Statute (A.R.S.) §8-817 requires each County Attorney to independently prepare and submit an Annual Report of Activity under the "Multidisciplinary Protocol for the Investigation of Child Abuse." New changes to this legislation in 2012 direct that the report should be independently prepared and submitted to the Governor, the Speaker of the House of Representatives, the President of the Senate and the Secretary of State without any input from or communication with other reporting entities.

Each report is a publicly available document and shall include the number of criminal conduct allegations (CCA) investigated and the number investigated jointly, the number of cases presented for review, the number of persons charged in those cases, the reasons why charges were not pursued, final dispositions and the reasons why a joint investigation did not take place.

### Prosecution Activity – Maricopa County Attorney's Office (MCAO) July 1, 2013 to June 30, 2014

- The following table represents MCAO activity on the number of cases presented for review under these A.R.S. codes, the number of persons charged and final dispositions.<sup>1</sup>

Maricopa County Attorney's Office	NUMBER OF CASES PRESENTED FOR REVIEW	NUMBER OF PERSONS CHARGED	DISPOSITIONS
Totals	2,975	3,060	1,561

<sup>1</sup> Includes Arizona Revised Statutes 13-1102, 1103, 1104, 1105, 1303, 1304, 1404, 1405, 1406, 1410, 1417, 3212, 3552, 3553, 3554, 3601, 3623.

- The MCAO is reporting information on the number of CCAs presented for review and charged, but we are unable to report on the number of CCAs jointly investigated by our office or the reasons why a joint investigation did not take place.
- **Number of Cases presented for review** reflects law enforcement reports (submittals) received by the MCAO, which totals 2,975 cases during fiscal year 2013.
- **Persons charged** does not equal the number of cases presented for review because defendants may be charged in multiple cases and each statistical category presented is independent of each other.
- **Dispositions** include charges completed by Deputy County Attorneys that resulted in pleas, conviction, acquittal or dismissal. A total of 1,561 charges reached final disposition. Charges disposed during this reporting period may have been submitted prior to this period. Dispositions may or may not represent the same cases reported in the “Number of Cases Presented for Review” section.
- **Reasons why charges were not pursued** include 1) no reasonable likelihood of conviction; 2) referred to another agency for prosecution; 3) the charges were used as an aid to prosecute another pending matter; or 4) unable to locate witness(es).
- **Note:** Each of the three statistical categories reflects a separate query into a unique part of our County Attorney Information System (CAIS). Therefore each category is independent of each other and the same cases/persons are not necessarily included in each. This data is from July 1, 2013 through June 14, 2014. We will submit an addendum to this report that includes the final two weeks in June 2014, as soon as these queries are finalized in our new case management system.

## **2013-14 MCAO Accomplishments and Future Plans**

- The MCAO continues to partner with Arizona law enforcement and criminal justice professionals to improve the way they investigate and prosecute cases of domestic violence and child abuse at a series of specialized training events. These training sessions address topics including best practices for investigating child sex abuse.
- The MCAO continues to provide experts from our Speakers Bureau for presentations to schools and other agencies on the importance of “Mandatory Reporting.”
- Two pieces of Arizona legislation passed in the 2014 Special Session will further protect children. SB 1001 and 1002 provide for \$60 million in funding to cover the cost of adding more than 160 new staff, from caseworkers to specialized child welfare investigators to the new Department of Child Safety. The agency’s mission is child safety and will focus on increasing transparency and ensuring accountability. Confirmed oversight of the Department’s implementation of new statutory requirements will ensure fidelity to legislative intent and Department promises.
- A new training video is being created by the MCAO for first responders to sex abuse, domestic violence and child abuse cases. The video will be used to train responders on the key tenants of the Child Abuse Protocol and the Victim’s Bill of Rights.

The current version of the "Multidisciplinary Protocol for the Investigation of Child Abuse" is always available at the Maricopa County Attorney's Office website (<http://www.maricopacountyattorney.org/>), in addition to the 2013-14 version of the Annual Report of Activity from the MCAO.

Sincerely,

Bill Montgomery  
Maricopa County Attorney
